

# Hoffsten Louise, Not The End Of Time

(Larson / Hoffsten)

I'm tired of it  
listening to it  
you whine all night long  
so sad and boring  
keep looking for a  
good reason you can blame things on  
didn't know you could fall so low  
like crying to Barry Manilow  
things can't really be as bad ....as you say

Chorus:

old shakespeare  
he made it clear  
the sun does not always shine  
still got a shot  
to be or not  
cause it's not the end of time  
a bad karma  
or the evil type  
is not a good excuse  
it's not genetic  
it's not athletic  
it's all in your attitude  
don't you have anything to do  
then dig for people who pity you  
pull your self together...and move on

Chorus
