

# Hog Heaven, Come Away

Ya know, I've got a feelin' that our life is gonna be  
Just full of beautiful tomorrows.  
And I would love you more every day  
If you come away with me.  
Won't you come away with me?

Well, I just can't take this hectic pace no more.  
But, baby, there's a place where we can hide away,  
Where all the colors are still green  
And the air is still clean.  
Won't you come away with me?  
I think that's the way it's supposed to be.  
So won't you come away with me?

Hey, beautiful lady, I found a place  
In the country for you and for me.  
And love is gonna come today,  
So come away with me.

Hey, beautiful lady, let's get away  
In the country, just you and me.  
And love is gonna come today,  
So come away with me.
