

Hog Heaven, You And Me

And if it's good you need him right away settled in your mind.
Now if it's right, cause you will know,
That's what you told me time and again, and since you're my friend,
I just know someday it's gonna be you and me, "Jesus Christi".

And while I wait I often think about how beautiful it's gonna be.
'Cause when he comes, I'm gonna be free,
That's what you told me time and again, and since you're my friend,
I just know someday it's gonna be you and me, "Jesus Christi".

I just know someday it's gonna be you and me, "Jesus Christi"....
