

Hoku, I'm Scared

I'm Scared

I don't know where we stand anymore
You've got one foot in my life
And the other's out the door
And I can't believe this is happening to me

Deep inside I've wanted to believe
That somehow maybe someday
There'd be someone there for me
And I hope I haven't lost my chance

Chorus: I don't want to wake up to the reality
Of you not being here with me
There's so many possibilities
That we let slip away
And if your heart could speak
What would it say?
You're scared You're scared Your scared Your scared Your scared
to say you love me....I'm scared I'm scared I'm scared I'm scared
No no no no
Will you always stay?
You don't have to run away

I wish I could believe in what I feel
I've been fooled so many times before
I don't know what is real
Maybe I'm just fooling myself

I'm running out of reasons to let go
(Don't let go)
Tried opening up my feelings
But your door is always closed
And I find myself dreaming my life away
