

Hoku, We Will Follow The Sun

Baby hear me when I tell you that I love you
You give me reasons to be always thinking of you
Day or night or night or day it doesn't matter
You give me hope, you've got me dreaming of forever

We will follow the sun together
Will this love of ours last us forever?
Hold on
But until that day comes
We will follow the sun

Baby hear me when I tell you that I need you
And I'm not saying this only just to please you
You and me, together baby
That's where it's at
It's the way that I feel
It's as simple as that

We will follow the sun together
Will this love of ours last us forever?
Hold on
But until that day comes
We will follow the sun

We will follow the sun together
Will this love of ours last us forever?
Hold on
But until that day comes
We will follow the sun

La la la la la la la la
Faith is just a sunrise away, oh yeah yeah
La la la la la la la la
I love you more, my baby
With every new day
He loves me, he loves me yeah

We will follow the sun together
Will this love of ours last us forever?
Hold on
But until that day comes
We will follow the sun
