## Hoku, We Will Follow The Sun

Baby hear me when I tell you that I love you You give me reasons to be always thinking of you Day or night or night or day it doesn't matter You give me hope, you've got me dreaming of forever

We will follow the sun together
Will this love of ours last us forever?
Hold on
But until that day comes
We will follow the sun

Baby hear me when I tell you that I need you And I'm not saying this only just to please you You and me, together baby That's where it's at It's the way that I feel It's as simple as that

We will follow the sun together
Will this love of ours last us forever?
Hold on
But until that day comes
We will follow the sun

We will follow the sun together
Will this love of ours last us forever?
Hold on
But until that day comes
We will follow the sun

La la la la la la la la Faith is just a sunrise away, oh yeah yeah La la la la la la la I love you more, my baby With every new day He loves me, he loves me yeah

We will follow the sun together
Will this love of ours last us forever?
Hold on
But until that day comes
We will follow the sun
