

Hold On Kid, North Dakota

[Verse 1:]

When I see your eyes.
They show me everything.
I ever needed to know.
The only place I need to go.
And when we are together.
My whole world disappears.
Along with all our fears.
We are invincible.

[Chorus:]

Maybe we should get away.
be ourselves, just the two of us.
In your car, we'll drive til the road runs out.
We can run forever.

[Verse 2:]

Hey and when we get there.
We can find a cheap hotel.
Where we can hide from the world.
We can pretend that we're all alone.
And no one else exists.
the streets are ours tonight
are ours tonight
and no ones here to tell us
what to do or tell us what we're not

[Chorus:]

Maybe we should get away.
be ourselves, just the two of us.
In your car we'll drive til the road runs out.
We can run forever.

Maybe we should get away.
be ourselves, just the two of us.
In your car we'll drive til the road runs out.
We can run forever.

[Bridge:]

And we can be.
Who we want to be.
So everyone can see.
Exactly what we mean.

[Chorus:]

Maybe we should get away.
be ourselves, just the two of us.
In your car we'll drive til the road runs out.
We can run forever.

Maybe we should get away.
be ourselves, just the two of us.
In your car we'll drive til the road runs out.
We can run forever.
