

Holden Avenue, Karma

Whatever you do it turns out right
Winning all battles without a fight
Have you ever felt it's wrong
Winning all you can seems so odd
You get paid all that you deserve
Life's not playing tricks - when you give then you get
Right?
Can you take it?
The least you're expecting
The more you'll be getting
Don't complain and face it all
Live your life as it should go
Maybe it's a part of a twisted plan
Maybe it's really just a matter of luck
You get paid all that you deserve
Life's not playing tricks - when you give then you get
Right?
Can you take it?
The way of life that you have lead is a cause of luck
Give what you can, don't mind the pain one day you'll get it back
