

# Hole, Drown Soda (Unplugged)

Oh yeah he wants to take you  
Take you away from your life  
Oh yeah he wants to take you  
Take you away from your lies  
Oh yeah he wants to take you  
Take you by the hand  
Oh yeah he wants to shame you

Baby I know you'd understand

Just you wait till everyone is hooked x4

Oh yeah he wants to take you  
Take you away from your life  
Oh yeah he wants to shame you  
Shame you away from your lies

Are you gonna sit and watch me?  
Watch me while I go down?  
Are you gonna sit and watch me?  
Watch me while I drown?

Oh yeah he wants to take you  
Take you by the hand  
Oh god just let him make you  
Baby I know you'd understand

I sit in the corner, and I drink drown soda  
I wanna, bomb the whole state of Minnesota  
And I sit in the corner with a rattle  
Wanna bomb the whole state of Seattle  
And I sit in the way and I'm so annoyed

I wanna bomb the whole state of.. Illinois  
Baby uh! baby uh!  
I said I been a while with no place to go  
I wanna bomb the whole state of Ohio  
Baby uh! Baby uh!
