

# Hole, I Think That I Would Die

He's stupid  
I'm smarting  
He's stupid  
I'm smarting

I want my baby  
Where is the baby?  
I want my baby  
Who took my baby?

Rose white, rose red  
Rose up in my head  
Rose white, rose red

Yeah yeah  
I want some  
Yeah yeah  
There is none

I want my baby  
Where is the baby?  
I want my baby  
There is a baby

There is no milk!  
There is no milk!  
There is no milk!  
There is no milk!

Rose white, rose red  
Rose up in my head  
Rose white, rose red

She lost all her innocence  
Gave it to an abscess  
She lost all her innocence  
She said, "I am not a feminist";

It's not yours - fuck you!

There is no milk!  
There is no milk!  
There is no milk!  
There is no milk!  
There is no milk!
