

# Hole, Never Gonna Be The Same

Called me up today  
Should've stood in your way  
You lied  
And everywhere a dream  
Nothing came between  
I died  
Give me away  
I will not bleed for you  
God comes down

Never gonna be the same  
Never gonna be the same  
Never gonna be the same

And if you wanted water  
And if you wanted food  
And if you want shelter  
I can not come over to you  
And if you want love now  
Or a needle and a spoon  
You gotta show a little faith in me now baby I can't come over to you

It's never gonna be the same  
Never gonna be the same

God come on down  
And if you want out  
Sitting by the bay  
Well the sun went down tomorrow  
It will not come up today  
And if you want love now  
Or rapture un-so-cruel  
If there's a God it's me  
Now baby I can not come over to you  
Never gonna be the same  
She drew me in anyway  
She lied  
Gotta show a little faith  
Your old rugged cross you made  
What goes up must come down and down and down  
Cry  
And if I wanted fame now  
All the glory, all the womb?  
And if I want my name emblazoned in every light in you  
And if I wanted Christ or a Messiah by my side  
I can't believe in anything I know that Mary lied  
Sucked you up today  
Could've got away  
Oh Mary lied

Do you know?  
Can you feel it?  
Do you feel me?  
Yeah

And if you wanted madness and if you want what's pure  
Well you gotta come over to me baby my life doesn't reach to you and  
If you want so unconditional and real you gotta ride  
That black horse baby through the depths of hell that I've been  
Follow me away

I will be the same  
Strongest one to name  
Through the valley of life

I'm gonna be the same  
Goodnight, goodnight, goodnight  
Ah, goodnight  
Oh, you'll never be the same
