

# Hole, No No No

Just do it baby  
Well I f\*\*king will  
You got nothing left but time  
Time left to kill  
Just do it baby  
You got nothing left  
There is nothing left of you but  
What I possess  
No  
My Messiah's lost  
Rose up from the mud  
He wanted everything  
Every drop of my blood  
Just do it baby  
It feels so good  
You know nothing of possession  
And I don't think you could  
No No No No No  
No No No No No  
Just do it bitch  
You little punk  
When I come at you  
You will wish you were at a bar  
No No No No
