

# Holland, One Minute To Zero

Could this be true?  
Could this be right for you  
To second-guess yourself?  
You've made your mistakes  
How long will it take?  
To see that you can't do this on your own?

One minute to zero and I'm laying down the law  
One minute to zero and this is my final call

Could you believe  
That everything you see is a possibility?  
To sooner become a bigger tragedy  
When put in the hand of someone like yourself?

One minute to zero and I'm laying down the law  
One minute to zero and this is my final call
