

# Hollow Front, Comatose

I'm feeling tired  
Weighed down by a hopeless world  
Everywhere I turn  
I watch the whole thing burn

What have I lost  
And what all did it cost?  
All these feelings  
Buried deep in my thoughts

Comatose  
In a sleep so deep  
I feel I'm never coming home  
Comatose and morose  
Trapped in a nightmare  
And it won't let me go

Trust me when I say  
I don't want sympathy  
For this dormant beast  
That dwells inside of me

I've been fighting  
The sleep for so long  
Cause I don't belong  
Walking to the beat  
Of this same damn song  
Where did it all go wrong?

What have I lost  
And what all did it cost?  
All these feelings  
Buried deep in my thoughts  
A coma of the soul  
Relinquish self control  
Fall victim to the sleep

Comatose  
In a sleep so deep  
I feel I'm never coming home  
Comatose and morose  
Trapped in a nightmare  
And it won't let me go

Lost dreaming  
I'm screaming out  
Cause I'm trapped in a nightmare  
It won't let me go

And I don't want sympathy  
For this dormant beast  
That dwells inside of me  
I've been fighting this sleep for so long  
Walking to the beat of this same damn song

Comatose  
In a sleep so deep  
I feel I'm never coming home  
Comatose and morose  
Trapped in a nightmare  
And it won't let me go

Lost dreaming  
I'm screaming out

Cause I'm trapped in a nightmare  
It won't let me go
