Holly Dunn, You Really Had Me Going

The way that you touched me made me believe You never love any other the way that you loved me When you said forever I thought it was true We'd be together our whole lives through Well, I got to hand it to you

CHORUS:

You really had me going, stringing me along You really had me going, baby And now I'm gone. You put one over on me said I'm the only one You really had me going, baby And now I'm gone

You never thought I'd see you in town
Walking and talking and holding the new love you found
You had the laugh when the joke was on me
But you're going cry when you get to see
The way that I love when I leave

You really had me going, stringing me along You really had me going, baby And now I'm gone. I never saw it coming that you could do me wrong You really had me going, baby

Oh you proved you're good with a lie Are you that good with goodbye You really had me

You really had me going, stringing me along You really had me going, baby And now I'm gone. And now I'm gone, and now I'm gone
