

# Holly Knight, Heart Don't Fail Me Now

It seems it's getting harder  
Yeah, it's so hard to find o lover  
Okay the boys are getting better  
But they still fall down under  
Close examination, baby  
It used to be essential  
But that was purely elemental  
Investigations always led to  
One way conversations  
It took me a little while to get  
myself acquainted  
It just about ready for the  
right inspiration...c'mon now

Heart don't fail me now  
Could he be the one I've waited for...  
Oh yeah  
Could he be the one being that  
I miss around here  
He could be the one...  
He could be the one...

I wake up every morning  
Inside my private little jewel box  
It's not so bad to be alone  
Don't want no substitution...  
I'd rather be alone than with someone and lonely  
It'd take a lot more  
Than strong arms to hold me...c'mon now...

Heart don't fail me now  
Don't mess my mind up  
Ooo don't you fail me now  
It's no wonder I'm so tough  
Heart don't fail me now
