

Holly Tree, Dumb And Blue

Maybe one day I'll look in the mirror
See my face don't find an idiot

That's really what I am when I'm not with you

I remember all the good times, I wanna with you
Alone in your room, I wanna be with you
Your blonde hair, your tattoo, your own world just makes you cool.
Yeah, I feel so dumb and blue when I'm not with you.

Maybe one day we'll waste all nights together
And have no problems at all,
That's really what I want
My love is true

Hey you little girl, I hope you realize this song is for you.
