

Holly Valance, Action

I'm not so young anymore
And I'm not so dumb anymore
If you've seen what I've seen
Then you'd understand what I mean

So don't say you're gonna call me if you're not
And don't say you're gonna love me a lot
And don't tell me that you think I'm really hot
If you want me for your girlfriend

Action speaks louder than words
Let's see what you can do
See if you are coming through
Before I'm giving in to attraction
I gotta check out the action

I wonder if you're equipped
And if you can't deliver the time
Then I'm gonna make you mine

Babe I won't complain if you're a little rough
But I will if you are not man enough
Gonna find out tonight if you're just a bluff
(If you want me for your girlfriend)

Action speaks louder than words
Let's see what you can do
See if you are coming through
Before I'm giving in to attraction
I gotta check out the action
