

Holly Valance, State Of Mind

You don't need, to hang around
You don't need, to talk right now

Gotta feel it, same mistake
Gotta feel it, its gonna break

Some days, some times just don't feel right
Ohhhhhhhhhhhhhhh

Too hard too touch
Its getting too much
You know its just a state of mind
Driving you wild
You turn up inside
You know its just a state of mind
(A state of mind)

All I need, is to breath
All I need is to believe

Can it happen, now I know
Gonna happen, take it slow

Some days, some times just don't feel right
Ohhhhhhhhhhhhhhh

Too hard too touch
Its getting too much
You know its just a state of mind
Driving you wild
You turn up inside
You know its just a state of mind
(A state of mind)

OHHHHHHHHHHHHH
Too hard to touch (YEAH)
(C'MON)
It's a state of mind
Driving you wild (Am I driving you wild?)
(HAHAHAHA)

Too hard too touch
Its getting too much
You know its just a state of mind
Driving you wild
You turn up inside
You know its just a state of mind
(A state of mind)

State of mind
You know its just a state of mind
