## Holly Valance, State Of Mind

You don't need, to hang around You don't need, to talk right now

Gotta feel it, same mistake Gotta feel it, its gonna break

Some days, some times just don't feel right Ohhhhhhhhhhh

Too hard too touch Its getting too much You know its just a state of mind Driving you wild You turn up inside You know its just a state of mind ( A state of mind)

All I need, is to breath All I need is to believe

Can it happen, now I know Gonna happen, take it slow

Some days, some times just don't feel right Ohhhhhhhhhhh

Too hard too touch Its getting too much You know its just a state of mind Driving you wild You turn up inside You know its just a state of mind ( A state of mind)

OHHHHHHHHHH Too hard to touch (YEAH) (C'MON) It's a state of mind Driving you wild (Am I driving you wild?) (HAHAHAHA)

Too hard too touch Its getting too much You know its just a state of mind Driving you wild You turn up inside You know its just a state of mind ( A state of mind)

State of mind You know its just a state of mind
