

# Holly Williams, Would You Still Have Fallen

(Holly Williams)

If I could have used my hands to pick you up and make you stand  
Would you still have fallen

If I could have told you true, would you still be with us in bloom  
Would you have believed me  
Or would you still have fallen

Days go by like broken years, with nothing felt, not even tears  
Everything's a lie

If I could have made you see, If I had tried everything I knew  
Just a little harder...Would you still have fallen

What's the use in all these words  
Where's the heart that I used to love  
I'm sorry I'm too late  
Rational thinking come undone  
But it's not the man, it's the drug  
Everything's a lie  
Where have you fallen??

Well I loved you more than you'll ever know  
And I trusted you to never hurt yourself, or anyone else  
Now were the ones dying  
Yeah were the ones dying  
You're not even here  
But we're the ones dying

So what's the use in all these words  
And where's the heart that I used to love  
I'm sorry I'm too late  
Rational thinking come undone  
But it's not the man, it's the drug  
Everything's a lie, Everything's a lie  
It's all a lie, It's all a lie

If I could have made you see, If I had tried everything I knew
