

Hollywood Porn Stars, Actarus

Turn it on

The noise starts here

It smells like wine but it's healthy water

I don't know how you call me but it makes me shy

When you give your body I can't deny (it)

Chorus :

Am I doing it in the time I have to kill

Is this feeling breaking all the life I built

Am I burning so hard, water can't save me

Am I giving too much passion, love addict

She wears short dresses to catch attention

And she knows how to cause attraction

Everytime I'm falling right into her arms

It's worst than hell, but it makes me shine

Bridge:

I drink and eat as much as I can do

You call her queen and she's a demon

Chorus
