

Hollywood Porn Stars, Fonzie

I may be good, I may be awesome,
I may be cool, I may be James Brown
I'm always nice, even when I'm not
I walk like Fonzie and I'm feeling so strong

Your body moves, please give me your hand
As if I was a magic fountain
Don't be shy, come on, take your pants,
In a few minutes you'll be full of plastic

That's not right, that's not love
When you steal the virgin's glove
You give her pain, then you leave
It's not right

Hey man, i don't give a fuck about what you're saying
The kids don't think, the kids are acting
Life's short, don't be too serious
Please have some fun before you get delirious
I have a good american smelt
I got an eagle hooked to my belt
Don't pay attention to the critics
People that wish to feel what you are feeling

Are you sure of what you need
Playing games when your heart bleeds
In a few years your ground
Will be dry

I may be good, I may be awesome,
I may be cool, I may be James Brown
I'm always nice, even when I'm not
I walk like Fonzie and I'm feeling so strong

Your body moves, please give me your hand
As if I was a magic fountain
Don't be shy, come on, take your pants,
In a few minutes you'll be full of plastic
