

Hollywood Porn Stars, Starwest

She goes that way
Cause she's scared
Since the day
That's he's gone by
Left her there
Tied to a chair
She cries for help
Could she know
Which way to go

What the hell
What a time
To prepare
A cold revenge
Depraved and get
Away from here
Cause she rests off, in peace
For days or months or years
She'll be straight down
And martyrdom
