

Hollywood Porn Stars, Winona

Change to stay the same
Write what you won't forget
What life is about

Stories on the walls
Moments you don't regret
Amnesia for all
So please come
Out and throw
Out your scandalous thoughts

Chorus :
When the light goes down
We are, we are, we are,
Asking what we have done
When the light goes down
We are, we are, we are,
Asking what we have done
Asking what we can do
Should we stand up and run

Talk about alcohol
Bars are full of depressed
They don't need one more

Talk about death
You're obsessed by the time
Optimistic role

If you don't wanna dance
Please give this girl a chance

Chorus
