

Hollywood Undead, Evil

Evil? Am I evil?
Through the empty eyes of you people
Oh
Evil! I am evil!
Or are your eyes deceitful

Holy or unholy, I'm nothing, I'm nobody
Leave no one behind, 'til the day that I die
I am a walking contradiction, war and peace, indecision
All these voices keep on talking and I cannot help but listen
Am I missing a memory or is this just a vision
I cut myself apart, I need the incision
Just a grave marker walking, the undertakers are talking
They wanna bury me one day, resurrection's on Sunday

I'll burn the bridge to light the way
Knocking on heaven's gate...

Evil? Am I evil?
Through the empty eyes of you people
Oh-oh-oh
Evil! I am evil!
Or are your eyes deceitful

Evil me, oh evil me, yeah you're so evil easily
And You're with me so frequently, that you ain't gonna go down peacefully
These demons won't let me be, and they're gonna be the death of me
They won't be happy 'til I'm deceased
But they won't let me rest in peace
I'm just a nobody without shit to lose but you dissect everything that I do
But I ain't shit, cause I'm just like you
I don't wanna admit it, but it's the the truth
(Charlie Scene, I just wanna spit like you, can I get an autograph and a picture too?)
When you hear about all the evil shit that I do
That picture's gonna end up ripped in two

I'll burn the bridge to light the way
Knocking on heaven's gate...

Evil? Am I evil?
Through the empty eyes of you people
Oh-oh-oh
Evil! I am evil!
Or are your eyes deceitful

This morning looked in the mirror and saw
A demon looking back or am I an angel with horns
Then why these wings go black
A phantom or a ghost, whippin the Phantom and handin'
Judgment with 10 Mack 10 hand guns
Cut me open just to see what you find
Cause love ain't live here no more
I think I speak for mankind
I wanna sing with an angel, but I'm stuck on this earth
It hurts, that the creator turned his back on me first

Evil? Am I evil?
Through the empty eyes of you people
Oh-oh-oh
Evil! I am evil!
Or are your eyes deceitful

Evil? Am I evil?
Through the empty eyes of you people

Oh-oh-oh
Evil! I am evil!
Or are your eyes deceitful
Oh-oh-oh
