

# Holy Moses, Decapitated Mind

Decapitated soul of life...

My minds bleeds from your knife...

What I see cannot be real...

In labyrinths that I feel...

Some thing's going wrong with me...

I could never win I see...

Fucking hard to achieve...

It's not supposed to be this way...

Bring me down

Bring me down - Hold on dear - You can go I'm not in fear

Bring me down - Learn to think - And I saw the hell in pink

Bring me down - That's no fate - I hope it never ends in hate

Bring me down - Speak the truth - Illusions drove my youth

Now try

Bring me down - What you need - I laugh for all blood I bleed

Bring me down - Reach a goal - You don't know my fuckin soul

Bring me down - Live to dream - My emotions stars to scream

Bring me down - See your class - Grains of sand are in my hands
