

# Holy Moses, Permission to Fire

(music: Andy Klassen)  
(words: Sabina Classen)

AAAhhhhhh.....

After school they take the gun  
No emotions since Vietnam  
Millions involved in this case  
Plastic blood runs down their face  
Living under blind instruction  
Our saviours from destruction  
Permission to fire with a smile  
Do they care if we live or die

Play - that you don't feel the pain  
When the bullet hits your brain  
Watch out - in this final maze  
Bombs don't shape a peaceful race

A reign of fear for tomorrow  
Broken bones for our sorrow  
Hell on earth is their bloody deed  
The fuckin' army is their need

Play - that you don't feel the pain  
When the bullet hits your brain  
Watch out - in this final maze  
Bombs don't shape a peaceful race

Play - that you don't feel the pain  
When the bullet hits your brain  
Watch out - in this final maze  
Bombs don't shape a peaceful race

After school they take the gun  
No emotions since Vietnam  
Millions involved in this case  
Plastic blood runs down their face

Living under blind instruction  
Our saviours from destruction  
Permission to fire with a smile  
Do they care if we live or die
