

# Home Grown, My Time Alone

Time away  
I thought this through  
I'm full of stress  
I'm outside of you.

I've been thinking,  
will she leave me?

Chorus: My time alone  
and you are here waiting  
for me to break  
but I am not changing  
I won't listen...

My time alone  
and you are here waiting  
for me to break  
but I am not changing  
I won't listen...

Apart from me  
torn from the floor  
honestly, I can't give you more.

I've been breathing  
since you left me.

Chorus: My time alone  
and you are here waiting  
for me to break  
but I am not changing  
I won't listen...

My time alone  
and you are here waiting  
for me to break  
but I am not changing  
I won't listen  
I won't listen to you

I'm not leaving  
with you  
I won't listen

Time away  
you've lost all control  
and I'm in need  
of this time alone

and I've been breathing  
since you left me.

Chorus: My time alone  
and you are here waiting  
for me to break  
but I am not changing  
I won't listen...

My time alone  
and you are here waiting  
for me to break  
but I am not changing  
I won't listen  
I'm not leaving

I won't listen to you.
