

Home Grown, Suffer

I saw my old friend the other day.
It'd been 3 years since I went my separate way.
I left him when he needed me the most.
And up until this day I claimed innocence.

Chorus:
And you suffered.
I didn't mean to let you suffer.
I didn't mean to let you suffer.
I didn't mean to let you down.

Nothing left for me at all.
For selfish reasons I let a good friend fall.
For circumstances that were beyond his control.
I no longer claim my innocence.

Chorus

I didn't mean to let you down.(x4)
