Home Town Hero, Questions

Everyone is made to break some but it's already happened today so sing it fast, and sing it with the right tone or end up like another hero dead

[chorus:]

We're waiting for answers that nobody knows we started to follow so long ago cause i've been waiting and i've been waiting waiting for answers that nobody knows

everyone is made to break some and it already happened today so kill it fast and kill it while you don't know or end up like a hero dead

[chorus]
