

Home Town Hero, Say I Do

This place tastes like salty rain
like salty rain
but never grows
he wasn't pretty enough to pity
so sign right here
how did it feel to say "i do";
we all catch feelings baby, just like you
sign right here, sign right here... yeah

[Chorus:]
sign right here
say i do
then i will
hold me down
take my life
take it now
[repeat]

this place tastes like salty rain
like salty rain
but never grows
he wasn't pretty enough to pity
so sign right here, yeah

[chorus]
[repeat]
