

Home Town Hero, Who's To Say

It was amazing watching you
all of the things that you could do
you changed the world before my eyes
and fucked them with a big surprise

[Chorus:]

So who's to say you never cared
all your life was caught in a glare
so hey, la la la la
hey, la la la la

so who's to say you never cared
all your life was caught in a glare
so hey, la la la la la
hey, la la la la

It was amazing watching you
you stole the show for a year or two
I want to thank you for your time
would you care if i shine

[chorus]

you said it
i bought it
the others went away
you said it
i bought it
the others went away

[chorus]
