

Honeyroot, Nobody loves you

I got a secret, don't know if i can keep it
this has been burning inside, so long
i put a spell on you, and kiss you down your toe
do all the things that i've been dreaming of
always so good for you, i'll make you all mature
i'll take you to places since you've never been
i know i won't be long, i know you are not that strong
before you know it, you'd be knocking at my door
and no matter how hard i try, it's you who can't deny
i'll need you like the sun, baby you are the only one
you are always on my mind, before you knew
nobody loves you the way i do, no no no oh oh
nobody loves you the way i do
