

Honeyz, Finally Found (reprise)

Ooh ooh ooh
I can't believe you're here with me
And now it seems my world's complete
And I never want this moment to end
I close my eyes and still I see
My dreams become reality
And now I know how it feels to be in love

I prayed so many nights that you would come my way
An angel from above to light my darkest day
I think it's time for you to hear these lines
'Cos there's something I want to say

I finally found what I've been looking for
And now you know I'm going to love you more
Hold me tight 'cos it's always been you
(It's always been you)
To think that you were always there (always there)
To be my friend and wipe away my tears
Now it's clear that it's always been you

Sometimes you don't expect that friends
Can become lovers in the end
Only god knows what the future will bring
So hold me close and don't let go
'Cos this is love, boy, don't you know?
And we're gonna be together for eternity

I prayed so many nights that you would come my way
An angel from above to light my darkest day
A love so strong it can't be wrong
It's with you that I belong

I finally found what I've been looking for (finally found)
And now you know I'm going to love you more
Hold me tight 'cos it's always been you
(It's always been you)
To think that you were always there (you were always there)
To be my friend and wipe away my tears
Now it's clear that it's always been you (you)

(This time) this time
I'm gonna make sure it turns out alright
I wanna be your everything and by your side
For the rest of my life
(This love) this love
Feels the way that love should be
Look in my eyes and realise there's no disguise
'Cos I'm in love with you

I finally found what I've been looking for
And now you know I'm going to love you more
Hold me tight 'cos it's always been you
To think that you were always there (you were always there)
To be my friend and wipe away my tears
(Wipe away my tears)
Now it's clear that it's always been you
(It's always been you)

I finally found what I've been looking for (I finally found)
And now you know I'm going to love you more
Hold (oh) me tight 'cos it's always been you
(It's always been you)
To think that you were always there (don't you know?)

To be my friend and wipe away my tears (oh, baby)
Now it's clear that it's always been you
(Always been you, yeah yeah)

I finally found what I've been looking for (I finally found it)
And now you know I'm going to love you more
(Yeah, I finally found it)
Hold me tight 'cos it's always been you
(It's always been you, oh)
To think that you were always there (what I been looking for)
To be my friend and wipe away my tears
(What I been looking for)
Now it's clear that it's always been you (always always)
