

# Honeyz, Never Let You Down

o, baby, i love the way you treat me like a lady  
sweet sugar, you're so fine  
you're always makin me crazy  
you are the reason why i feel the way i do now  
you've got to believe me  
can you hear me?  
cuz i'm ready to show you how  
so, baby if, and if i will go to heaven  
we could fly so high, baby, baby, don't deny

i'll never let you down  
never run around, baby, believe me  
cuz i will be there  
i'll be there always  
I'll never let you down, never mess around  
baby, believe me  
never before have i felt something more than i do

if i told you a secret, would you turn and walk away?  
so good, so good that baby, you know what to say  
so if, and if, i will go to heaven  
we could fly so high, yea  
baby, baby, don't deny

i'll never let you down  
never run around, baby believe me  
cuz i will be there  
i'll be there always  
never let you down, never mess around  
baby, believe me  
never before have i found something more than i do

whenever you're gone i think of promises we made  
never be afraid  
i keep holdin on to the nights that we shared  
it'll never be cold outside cuz  
everytime you're near  
shadows disappear  
i'll be waiting  
waiting for you  
i'll always be true

i'll never let you down  
never run around, baby believe me  
cuz i will be there  
i'll be there always  
never let you down, never mess around  
baby, believe me  
never before have i felt something more than i do  
I've never felt this way  
i'll never let you down  
never run around, baby believe me  
cuz i will be there  
i'll be there always  
never let you down, never mess around  
baby, believe me  
never before have i felt something more than i do
