

# Honorata Skarbek Honey, Forever

I remember our simple things  
you are the one i wanna be with  
everytime i close my eyes  
i see you smiling and looking at me  
forever- you said to me  
forever, over and over again  
I wanna be with you forever  
i belong to you, you belong to me  
my perfect picture please dont destroy it  
forever I remember  
I remember you said forever  
I wanna be with you forever
