

Hoobastank, Unaffected

[1st verse:]

There never seems to be
Because what i believe
A moment i'm not trying
To show them who i am
Why can't they understand
The things that they're denying?

They're denying.....

[chorus:]

So what should i do
Just lay next to you
As though i'm unaffected
And who should i be
When they're judging me
As though i'm unaffected?

[2nd verse:]

A chance they'd never give
To ever want to live
The life that i am made of
There's nothing left to prove
My heart's forever true
What is it they're afraid of?

Afraid of.....

[chorus:]

So what should i do
Just lay next to you
As though i'm unaffected
And who should i be
When they're judging me
As though i'm unaffected?

Before they even saw my face
The knew that i was not the same
And decided i was not the one for you
For you.....

So what should i do?
I'm not unaffected
And who should i be?
I'm not unaffected

[chorus:]

So what should i do
Just lay next to you
As though i'm unaffected
And who should i be
When they're judging me
As though i'm unaffected?

Unaffected...[repeat 4 times]
