

Hoods, I Own You

in this time of hatred I choose loneliness
and this pain I feel inside makes me want to kill you
I OWN YOU (3x)
the pain you've given me
all the years of torture
years of abuse
I cant think straight
I just want to kill you
all the pain you've given me
all the years of torture
years of abuse
and when you see me coming
I've got something for you
I want to watch you die (2x)
I OWN YOU (4x)
