

# Hootie & The Blowfish, She Crawls Away

I fall in she sees me and smiles  
Then she starts to hate herself again  
She screams something under her breath  
That I wouldn't know if she said it outloud

She turns over to start a conversation  
With a man that noone else can see  
She dreams of loving me sometimes  
And it makes me see what we've been missing

It's like I never knew anyone so strong before  
She Brings the man outa me  
And she makes me see that they don't matter

I believe  
We see her playin' with another  
She runs around you and then  
It's like the sun goes down and she crawls away again

She wears white pants a Miami sweater  
Says that She loves the O's  
So Uncle Dean will come by

Her smile is like sunshine  
Her tears hurt like leather  
She runs the show she lets me know  
Says it's all about being the only  
It's like someone said you could have one good thing in your life  
She couldn't be your type  
I didn't plan for your smile, but you make me laugh when you stand dreamin'

I believe, we see her layin with another  
She runs around you and then  
It's like the sun goes down and she crawls away again

Where were you yesterday  
Now that my heart is wild and free  
And my lips have room to wander  
How can I say your needing me now  
When I've got a plan  
I know you don't understand why my heart is sorry know

I believe  
We see her laying with another  
She runs around you and then  
it's like the sun goes down and she crawls  
I believe  
We see her waiting with another  
She runs around you and then  
it's like the sun goes down and she crawls away again
