

Hoover, Cinderella

Water falling down a hundred meters

Colored by the sun

In rainbow colors

Paul is driving me around

Through fields of light

Blinded by the sun

Fight the clouds

Be an inhaler

Have no doubts

Let them take you on a voyage to another

Let them take you on a voyage to another

Let them take you on a voyage to another...

(Voiceover)

"A new stereophonic sound spectacular..."

"We're able to tell, in an instant, where a particular sound is coming from!"

"A new stereophonic sound spectacular..."

"As I was saying, stereo is full of surprises..."
