

# Hope Conspiracy, I Hate Rock N' Roll

(The Suicide File)

Quit posing like you're rebellious, you boring pieces of shit  
you're flying the flag of anger when you're generic as white bread  
hey hey, my my, why don't you all go f\*\*king die  
you're a salesman of the worst kind, and everybody's buying  
your talents, they lie in acting, they lie in lying  
I'm so bored with you, f\*\*k you  
by the numbers, by the book  
by the f\*\*king way - you can take image, you can take the sound  
but it don't mean a thing if the songs that you sing  
are boring pieces of shit
