

# Hope Of The States, A Heart Can Stop A Bullet

I never felt like you do dear  
Tomorrow I'm on a ???????  
I never felt like you do dear  
Tomorrow I'm on a ???????

I'm so chilled lying ?????? up here  
All I got is ???????  
But I can stand up anyway  
It's not your fault that tomorrow ?????  
But I can stand up anyway  
You ??????????????????????  
Didn't teach us the same  
But I didn't mind him  
I can't help with all my sins  
And you been to the same land  
I can't say much to what's behind  
Slow down

I see the little lights that shine  
I hear the tiny sounds that chime  
So hard to give me hope  
And change the things I hate the most

I see the little light that shines  
I hear the tiny sound that chimes  
So hard to give me hope  
And change the things I hate the most

I see the little lights that shine  
I hear the tiny sounds that chime  
So hard to give me hope  
And change the things I hate the most
