

Hopewell, Hello Radio

On the edge of the white ocean
Tinged with blue
A foot sticks out of the sea

HELLO RADIO
HELLO TV SCREEN

What the world needs now
Is not another lover
It's in between

She carried the piano up the stairs
Key by key
It's the sound
Of sand
Creeping up to me

HELLO RADIO
HELLO TV SCREEN

Lord make me
A channel
I'm in between

HELLO RADIO
HELLO TV SCREEN

The rocks and stones themselves
They start to sing
They're in between
