## Hopewell, Hello Radio

On the edge of the white ocean Tinged with blue A foot sticks out of the sea

HELLO RADIO HELLO TV SCREEN

What the world needs now Is not another lover It's in between

She carried the piano up the stairs Key by key It's the sound Of sand Creeping up to me

HELLO RADIO HELLO TV SCREEN

Lord make me A channel I'm in between

HELLO RADIO HELLO TV SCREEN

The rocks and stones themselves They start to sing They're in between
