

# Horace Andy, Tag Along

I&#039;m gonna wash that woman right out of my hair  
I&#039;m gonna wash that woman right out of my hair  
No matter where I go  
No matter where I stay  
She just tag along tag along tag along after me  
She just tag along tag along tag along after me

I&#039;m gonna scrub that woman right out of my hair  
I&#039;m gonna scrub that woman right out of my hair  
She has done me wrong  
I won&#039;t hear her plea  
I&#039;m gonna scrub her scrub her scrub her out of my hair  
I&#039;m gonna scrub her scrub her scrub her out of my hair

No matter where I go  
No matter where I stay  
She just tag along tag along tag along after me
