

Horde, Blasphemous Abomination of the Satanic

five pointed star of hell
symbol of satanic goat
appearance at the ritual site
unholy amulet of the santanist
sacred to the devil's child
abomination to the mighty one
every point
evil stench
every side almighty hates
crush the star under foot
tear the robe on which it lies
accursed image it portays
symbol of blasphemy will never rise
now powerless against us
it lay in pieces in the dust
awaiting the fires of hell
