Horror Show, Practicing Uncertainty

On the third The month of May Saw eye to eye Took my breathe away

I stumbled on your every word The sweetest voice ive ever heard When you pulled me in so close to you

I lost myself

Nose to nose
Our eyes were closed
I snuck a peek
I couldn't help
I can't help
Falling for you

What the fuck am I to do

Take it slow
Is this the one
Or a good time
Well wheres the fun

I guess I'll give it a shot I'm stuck with you and I'm so scared I'm stuck to you and I dont care (But I'm sure I will)
