

# Horse, God's Home Movie

(McDonald / McAlinden)

There's something I'd like to see  
From God's home movie --  
The story of the universe  
And my baby.

I'd see you as a child  
Playing by the sea  
Just like the stories you've told  
From memory.

I watch the course of your life  
Like watching the beads fall  
From broken thread.  
I know you now that you've grown,  
Going your own sweet way,  
A way I love.

I'm only looking  
Looking for you.

This is the story  
Story of you.

I have a love I'll keep forever.

This is the story  
Story of you.

This is the story.

There's something I'd like to see  
From God's home movie --  
The story of the universe  
And my baby.

I'd see discoveries made --  
Fire and flat earth.

Columbus sailing the sea  
or how Noah survived  
Or when God was a girl.  
Rewind and freezing the frame  
On heroes and martyrs  
And empires' rise and fall.

There's still the future to see.  
The story continues of me and my baby.
