

# Hosh, Marie

Laying awake tonight  
With silence next to me  
A matches glowing light  
Throwing a shadow I see  
Less than a second a noise  
And I know she's here  
I know I'll let her in  
'Cause Marie said so...

REFRAIN:

Marie  
She's coming back  
She is the one I can't forget  
Marie  
I can't deny  
And even though it hurts inside

This time I'll tell her to go  
Oh no, I wouldn't dare  
It's hard to be alone  
But even harder with her  
I'm feeling torn between  
Waiting behind the door  
I know I let her in  
'Cause Marie said so...

REFRAIN

A whisper touches my ear  
I feel my mouth is dry  
The answer in my head  
Turns now into a lie  
So it's all clear in my mind  
And like the night before  
I know I let her in  
'Cause Marie said so...

REFRAIN
